BTW, I put together my slides for the PPT in what Damaris sent. Clearly I was keeping it 10k feet. I can flush it out more but your example if I were to do for 404(g) will be much longer than the 17 slides you have for the WPDGs. May not be worth it. ? Here is a link to a 101 on 404g

The PPT from 2-6-20 does not have the proper flow chart as it does not incorporate the ESA policy and subsequent consultations for NHPA, MPPRCA, etc.....

It appears Rose is the only owner that is still here. Rose the page probably needs to be updated to add Russ and Libby (if we have her info yet). We will should remove Bernice, Charles, Mindy, (all there for our huddles), Mike, Donna, Ruth, Rachel, and Serena.

Importance: High

All,

As discussed at our staff meeting on Tuesday, I did chat with Brian yesterday regarding branch staff participation in the upcoming meeting with OWOW - Tom Wall. Brian indicated that he will wait for Tom to determine his preferred path forward and will advise. He did mention that the plan for John was that branch staff would have been able to listen in on the discussion, but not speak. Consequently, I will need to be prepared to lead the different discussions. As previously mentioned, I will have about 40 minutes to discuss our different program elements. I'm thinking I will cover WOTUS (10 mins) first, 401 (10 mins) second, Assumption (10 minutes) third, WPDGs/ESTP (10 mins) fourth, and RAMSAR (3-5 mins) fifth. That will leave 15 minutes for questions. Am I missing anything?

As I am most knowledgeable re the WPDGs, I took a good chunk of yesterday to learn and prepare the attached presentation on the WPDG program. (Yes, there are gaps in the deck and questions, and I will need your help.) My thought is that I will use the attached slide deck to prepare a smaller deck for the discussion with Tom. I will use the backup info to respond to questions.

Myra - I would like you to take the lead in updating the attached slide deck and use others as necessary. I would like to see the updated deck by COB Monday, Jan 25th. At this time, do not work or worry about the WPDG slides on the SharePoint site. If you have any questions or want to discuss, email me and we can set some time aside. Also, how do we weave the ESTP slides in the deck or should they be separate slides? The other day when we were all talking it was mentioned that they are the same - please advise today on recommendations forward. Thanks!!!

Also, I do not have access to the SharePoint site - I was denied this morning... so I don't know what is on it ... Ugh ... Can someone please give me access to the site.

Thanks all ☺

Subject: PDJB transition briefing.pptx

Hi all,

This is a super draft outline of a PDJB transition briefing but I would really appreciate it if folks who are the topic leads/experts could fill in the outline for me to polish up - I will work with Russ to get budget numbers.

I provided a draft NWPR slide for folks and outlines for topics including: ESTP, WPDGs, Tribal set asides, 404(g), 401, Ramsar, and Five Star. Am I leaving anything out? (SDAM and mapping maybe? Especially since mapping made the OWOW transition briefing slides?)

Can y'all please look at this and put your thoughts in the Sharepoint doc by Thursday COB? Many thanks.
